

"Wine is sure proof  
that God loves us and  
wants us to be happy."

- benjamin franklin

With so many countries producing so many different styles and varieties, wine can be a very intimidating subject. To help you navigate with ease, we've listed the varietals on the far left side of the page. This list offers a selection of "comfortable" wines: Australian Shirazes, Californian Cabs, and Italian Pinot Grigios. But for those daredevils seeking something out of their comfort zone, we've added many indigenous varietals from Spain, Italy and Argentina.

Sharing a great bottle of wine with family and friends over dinner is a wonderful experience! Let our servers guide you in choosing the perfect vintage for your palette.
